

## Rapid Fire 12 - Innovations in Vascular Biology: From Mechanisms to Management

Freitag, 24. Oktober 2025 16:00 - 17:30, Clubraum 4

---

---

### **Association between Blood Groups and Abdominal Aortic Aneurysm Growth Rates: A Retrospective Analysis**

Vortragender AutorIn: Daria Anokhina

### **Optoacoustic Fat-to-Blood Ratio as a Label-Free Indicator of Carotid Atherosclerosis**

Vortragender AutorIn: Angelos Karlas

### **Assessing revascularization success in patients with Peripheral Artery Disease using Multispectral Optoacoustic Tomography**

Vortragender AutorIn: Briain Haney

### **Ex vivo therapy of ischemic cardiomyopathy using pre-endothelialized and spider silk-reinforced fibrin patches**

Vortragender AutorIn: Michael Pflaum
